The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Conservation is the real solution to our
Bay Delta problems.

Please implement measures which do not include more
canals, storage reservoirs, dredging or water diversion.

Instead, stop making taxpayers foot so much of the water
bill for large corporate farms. I support a solution that
promotes water-saving programs on our farms & in cities. The
only sustainable way to replenish the Bay & Delta is to use less water!
